Dear Juanita:

I have had a careful canvas made of CIA's participation in an Interagency Committee on Metric Policy (ICMP). At the outset, we would propose to continue to have [redacted] represent the Agency in these matters. He and other representatives in the Agency dealing with this problem have kept us abreast if not ahead of developments in this area in the past five years. He has been directed to come to my Office for any help or guidance he may need in this representation.

Yours,
